Meeting w/ Boosters & Mark.

Vice President/Hospitality Report

VP:

Post coffee meetup, created a planning spreadsheet w/ proposed events, goals timing and asked for feedback

Suggest we get fundraising link for teacher grant going asap so we can roll out grant form to teachers to use and actually have funds to support these requests (sent out suggestions to call it "Grizzly Grants, Honey Pot" square link discussion for the link tree and scheduling pushes throughout the year on social media but no response.

Scholarship application reviews were done. Used excel rubric this year to allow each applicant to be judged on a clearly defined set of weighted criteria and the winners calculated based on this automatically. Will be awarded at the awards ceremony on June 3rd (Photos and video will be taken so we can all be a part of it.)

LCAP: Spencer Wavra discussed that we are in 3rd year of LCAP and looked at details online SMUSD - Local Control Accountability Plan.

Erin Garcia: Short discussion on budget for upcoming year, still not final, there will be an advisory committee that will meet in the fall

Lori Cummins: Review of Special Ed, brought in some of the ALT Learners who are graduating on June 5 to meet us (great young adults!)

Nikki DiRanna: Human Centered Tech, discussion about focus groups currently taking place, next steps literature, this initiative is not only about how devices are used in classroom, but includes how to address data protection, cyber security threats, how AI can be used safely etc will be sending out info to parents with more context

Superintendent Updates: Emily Mullin added to CBOC committee (great addition)

Hospitality:

- Staff appreciation week was a great success, lots of positive feedback from staff

- last event of the year is staff luncheon on the 10th (this is usually funded out of school requests, but we are over budget for that, so we will deplete the hospitality budget to fund this event) Theme is Aloha MHHS 2026
